PREFACE

Indian Books in Print 2003 in three volumes of Authors, Titles and Subjects is the most comprehensive and uptodate bibliography of Indian Books published in English language in India. It updates its earlier editions till the period ending June, 2003 through a regimentation of 3,75,000 entries reporting about 1,25,000 titles. Making a modest beginning in 1967 with its first edition covering the years 1952-67, the Indian Books in Print has run into 21 editions and this is the 21st one. *In Volume 1, the information has been arranged alphabetically by authors; in Volume 2, the titles are arranged alphabetically; in Volume 3, the subjects are arranged by Dewey Decimal Classification with feature headings; a Directory of Indian publishers concludes the last volume.* The IBIP data-base has also expanded manifold in terms of the amount of information. Continuous revision and dogged trapping of bibliographical information over four decades, has made it almost a complete and authentic bibliographical source for librarians, research scholars, booksellers and publishers providing access to the latest bibliographic and ordering information. The bibliographic entries have been revised, deleted, added and corrected, thereby, updating the information on current prices, availability of books and recently published books. It includes all types of books in English language covering all subjects and are available to the book trade and the readers at large. It excludes ephemeral pamphlets, periodicals, serials, calendars, maps, microforms, audio-visual materials and restricted publications to be available to the members of any organization.

While utmost care has been taken to ensure accuracy, the editors and publisher will not be responsible for any error that may have occurred inadvertently. The Editors solicit suggestions from the users of IBIP for improvement of future editions to make this tool more efficient and use-oriented.

Thanks are due to all colleagues and friends whose assistance in multifarious forms have gone to the making of the present venture a reality.
